AIMS POWER™

Dual Solar Panel Pole Bracket for Solar Panels up to 170 Watts

INSTALLATION INSTRUCTIONS

COMPONENTS

Upright Bracket x 2	Pole Bracket x 2	Support Bracket x 2	Angle Bracket x 4	Bolt x 18	Hose Clamp x 4
55.25"	30.75"	31.5"			

## PV-2X130POLE

1. Attach the pole brackets on the pole with the hose pole clamps. Leave one hose clamp loose enough to slide up or down to adjust final angle after securing all brackets.

30.75"

2. Secure upright brackets and support brackets to pole brackets using angle brackets and bolts. Once secure, set angle by sliding the loose hose clamp up or down and tighten.

Hose Clamps

55.25"

31.5"

3. Place the solar panels horizontally on the upright brackets and attach using bolts (panels should have pre-drilled holes on the back).

Pole not included. Ensure existing pole can support the weight of the panels.
